Asmo Abdullah

Concept Artist | Morph Creator & Contributor | Gaia Guardian Ambassador

Muscat, Oman | +968 92917442 | asmoabdullahofficial@gmail.com | [@asmoabdullah](#)

Professional Summary

Dynamic Concept Artist with a passion for visual storytelling and Web3 innovation. Currently shaping AI-driven, user-owned IP projects at Layer 1 (Camp Network) through captivating visuals. As a Morph Creator and Contributor, I drive adoption of consumer-focused Layer 2 blockchain solutions. As a Gaia Guardian Ambassador in the Content Track, I create art to promote decentralized AI, including contributions to the Gaia Stick Slam. Self-taught in digital art and Web3, I bring collaboration and community engagement to advance open, transparent tech ecosystems.

Experience

Concept Artist   **Layer 1 (Camp Network), New York, USA**
2024 – Present

- Collaborate with designers and storytellers to create characters, environments, and assets for a Layer 1 blockchain powering AI agents on user-owned intellectual property (IP). *[Ref: https://x.com/campnetworkxyz]*

- Design visually compelling assets for Camp Network's Proof of Provenance (PoP) Protocol, enabling tokenized IP for AI training and monetization.

- Contribute to an AI-native, onchain economy through creative visuals that enhance user experiences.

Morph Creator & Contributor (Ambassador)   **Morph, Remote**
2024 – Present

- Promote Morph's consumer-focused Layer 2 blockchain as an ambassador, engaging communities to drive adoption of decentralized solutions.

- Create and contribute content, including designs and campaigns, to highlight Morph's ecosystem for developers and users.

- Connect peers to Morph's global opportunities, fostering community growth through blockchain expertise.

Gaia Guardian Ambassador (Content Track)   **Gaia Network, Remote**
2025 – Present

- Selected as a Gaia Guardian to advance decentralized AI through the Content Track, creating art to educate communities about Gaia's mission.

- Designed seven Gaia-themed stickers for the Gaia Stick Slam, showcasing creative engagement with the decentralized AI community.

- Actively completing the Guardian Basics Course to deepen expertise in Gaia's decentralized AI ecosystem and unlock further contributions.

- Planning local meetups in Muscat to promote Gaia's vision of open, transparent AI.

Education

FA in Arts (Incomplete)   **Dhaka, Bangladesh**
2014 – 2016

- Studied Fine Arts for two years, developing skills in visual storytelling, drawing, and artistic techniques before leaving to pursue self-taught creative and Web3 projects.

Skills

- **Artistic**: Drawing, Sketching, Color Theory, Composition, Digital Art Tools (Photoshop, Procreate, MidJourney), Artistic Techniques

- **Web3 & Blockchain**: Decentralized AI Advocacy, NFT Design, Community Engagement (Morph Ambassador, Gaia Guardian)

- **Professional**: Research, Time Management, Collaboration, Presentation, Adaptability
